

It's a pocket mount.

With one big difference.

Introducing the world's first open-window pocket mount.

Dentsply Rinn's new 23 series EZ-View® Masked Mounts let you have it both ways — the easy-loading of a pocket mount, the clarity of an open window. Plus it's masked for comfortable viewing, with clear edges for full visibility. Made of durable, chemical-resistant vinyl; exceptionally thin for convenient filing. Available in the most popular configurations, 100 mounts per package. Personalization is available.
