

# XCP-ORA™

ONE RING & ARM POSITIONING SYSTEM

Yellow: Posteriors

Red: Bitewings

Blue: Anteriors

Blue and yellow pins for anterior and posteriors

Red pins for bitewings

Compatible with Rinn XCP® & XCP-DS® biteblocks for film and digital sensors.

One Ring. One Arm. One Goal:  
Faster & Easier Radiographic Accuracy.

## Get more done with ONE!

The XCP-ORA™ One Ring & Arm Positioning System reduces the components needed to accurately position radiographic media with RINN XCP® or XCP-DS® biteblocks to just one ring, one arm.

- For film and sensors
- Autoclavable for low cost-per-use
- Lightweight construction helps patients maintain positioning
- Patent-pending Ring & Arm design simplifies your positioning procedure with less parts

|        |                            |               |
|--------|----------------------------|---------------|
